Elisa Westerhof

Dear Elisa

Letter of Commendation: Academic Year 2023/2024 – Term 2

We are writing to congratulate you on your exemplary efforts in your academic studies during the previous term. During that period, you exceeded the school's already exacting expectations of students at Dubai College.

Whilst your attainment may be equally impressive it is specifically your endeavours in relation to the Dubai College Learner Attributes which we are acknowledging here. These letters of commendation are awarded to those students receiving 50% or more 'outstanding', in the **OVERALL EFFORT** learning attribute category, for all subjects taken.

Considering the academic calibre of your peers and the general levels of success already enjoyed by students at Dubai College this is a significant achievement and one of which you should be truly proud. We wish to celebrate your success by writing to you in this way and hope that next term continues to be as fruitful. Please be sure to share and discuss this letter with your parents. This commendation will be a worthy enhancement to your academic profile.

Yours Sincerely

Mr Trivic
